PENITENTIARY FOR REYES IS STATE FACES

Mexican Authorities to Place
Aged General in Row of
Cells Reserved in Federal
Prison for Politicians.

ORDER IS ISSUED TO BRING HIM IN

Safe Escort to Mexico City Is
Guaranteed to Veteran but
He Will Not Give More
Trouble to Madero.

(By Evening Herald A. P. Leased Wire)
Mexico City, Dec. 26.—The end of the week will see General Bernardo Reyes, who surrendered last night to the Mexican authorities, occupying a cell in the penitentiary of the federal district in the portion set apart for political prisoners.

An order that he be brought to the national capital was transmitted today by the minister of the interior to General Trevino at Monterrey. The commander of the third military zone probably will assign an escort of rurales to General Reyes and also give him a safe conduct to Mexico City.

The surrender of General Reyes at Linares yesterday, it is believed here, marks the end of the most perplexing problem yet before the Madero regime. Scarcely all over the country lately have sprung small revolts and most of them were in the name of the former military leader of the country. His following in Mexico was considered very strong for years and he was attributed much of the apprehension of the government when he started his revolution. He formerly was governor of the state of Nuevo Leon and later commander-in-chief of the Mexican army. This last position he held for some time, under President Diaz, holding the rank at the time of the latter's resignation.

A few months prior to the outbreak of the Madero revolution there were rumors of a threatened outbreak against Diaz in favor of Reyes. Diaz then sent Reyes to Europe ostensibly to study military organization there.

President Diaz recalled him when the Madero revolution became serious, but before Reyes reached Mexico Diaz had been forced to resign. Reyes then aligned himself with Madero and agreed to accept the portfolio of war in the latter's cabinet when it should be formed. Later he decided to run for the presidency himself, and Madero released him from his acceptance of the cabinet place. The election, held on October 15, resulted in the overwhelming election of Madero.

Partisans of Reyes attempted to have congress nullify the election and failed. Reyes then left Mexico, going to Havana, thence to San Antonio, Texas. He gave as his reason for leaving Mexico that he was persecuted here, and had no guarantee of his safety.

Shortly after his arrival in San Antonio it was rumored that he was organizing a revolution and a number of persons charged with transporting arms across the border in violation of the neutrality laws of this country were arrested.

In November General Reyes was indicted by the federal grand jury at Laredo, Texas, and released on \$10,000 bail, the indictment alleging violation of the neutrality laws. His trial is set for the April term of the federal court at Laredo.

The question of the disposition of General Reyes will be discussed at a meeting of the cabinet council today. Abraham Gonzalez, minister of the interior, today said in his opinion, General Reyes would go to trial before a military court. Although he had resigned his commission as a general in the Mexican army, Reyes was still regarded as belonging to the army and in the opinion of the minister, amenable to military law.

"The great importance attributed to the attempted revolution of General Reyes," said the minister, "arises from the publicity which was given to it in foreign countries."

YOUNG REYES WILL NOT BELIEVE REPORT

St. Louis, Dec. 26.—Rodolfo Reyes, son of General Bernardo Reyes, who is here temporarily, received a telegram today which he construed as a denial of the press dispatches that his father surrendered at Linares, Mexico. The telegram was sent from San Antonio, Texas, by Alejandro Reyes, a younger brother, and a translation of it follows:

"Please deny in the St. Louis newspapers the rumor of my father's surrender. We will make the same denial in San Antonio."

The message further stated the denial was authorized by General Reyes, who is in San Antonio. Rodolfo Reyes said he would de-

Chicago, Dec. 26.—When the trial of the ten Chicago meat packers, under indictment for criminal violation of the Sherman law, was resumed before United States District Judge Carpenter today, counsel for the defense sprung a surprise on the government by reviving the famous immunity plea by which seven of the packers escaped possible conviction several years ago.

Judge Carpenter intimated that he had based on practically the same question when he denied the plea of abatement before the beginning of the trial, and he said he was not disposed to change his decision unless some new points were raised.

Albert H. Vender, attorney for Swift and Company since the organization of the corporation in 1889, was the first witness called by the government.

SENORA REYES WILL
NOT BELIEVE STORY
San Antonio, Texas, Dec. 26.—Friends and kinsmen of General Reyes refuse to believe he has surrendered to Mexican federal authorities. Senora Reyes said this noon:

"It cannot be possible he is captured. If it were true the general would have wired me."

Reyes adherents say the story has been "rumped up" by Maderistas in order to discourage Reyesistas. They say Reyes was in a position Sunday from which it would have been impossible to reach Linares at the time of his reported surrender.

RURALES FIRE INTO ZAPATISTA PARADE

Pachuca, Mexico, Dec. 26.—Three persons were killed and more than twenty wounded Sunday night when rurales fired into a crowd which was parading the streets shouting for Zapata. Efforts to disperse the mob by other means had failed. The city is quiet.

AMERICAN CONSUL VERIFIES SURRENDER

Washington, Dec. 26.—American Consul Garrett at Nuevo Laredo and Consul General Hanna at Monterey, Mexico, today confirmed to the state department the surrender of General Bernardo Reyes, near Linares.

GENERAL REYES IS EMBARRASSED NOW

Monterrey, Mexico, Dec. 26.—General Reyes sent to General Trevino today a request for trial in some place other than Monterrey, the city from which he ruled Nuevo Leon as governor for many years. It is the only favor the fallen rebel has asked and it is believed here that it is not improbable the central government, to which his petition has been forwarded, will grant it. Embarrassment rather than fear is said to be General Reyes' motive in making the request.

San Bernardino, Calif., Dec. 26.—At midnight indications pointed to heavy damage from frost in the orange districts of San Bernardino and Riverside counties. Reports from districts in the east end of Los Angeles county, bordering on San Bernardino indicate the situation is the same there.

The thermometer here reached 25 degrees at midnight and dropped lower later on.

ORANGE CROP IS NOT DAMAGED SAY GROWERS

San Bernardino, Calif., Dec. 26.—Although the thermometer registered as low as 22 degrees above zero last night, the cold weather here in 24 years fruit growers declared little damage was done to the orange crop.

(By Evening Herald A. P. Leased Wire)
New York, Dec. 26.—Theodore Roosevelt announced this afternoon that he was taking no part in the New York state political situation and that "put a little human being" had asked him to lend his influence to the support of any candidate for the republican nomination for governor next year.

"I have not been asked because I'm not in politics and nobody expects me to be in politics," said he.

Colonel Roosevelt today had an hour's conference with Darwin P. James, Jr., president of the Young Republican club of Brooklyn.

WRECK INVESTIGATION BEING HELD TODAY BY SUPT. SUMMERS

Superintendent F. E. Summers of the Rio Grande division of the Santa Fe is today investigating into the cause of the small wreck in the local yards last night, when the Chicago limited and a switch engine which had failed to clear the main line came together.

The limited was late and ran into the yards about 10:30. The switch engine was not quite in the clear, and the flying locomotive of the limited, which was running fairly rapidly at the time, sideswiped the tender of the yard engine, turning it over.

It was still lying in the yards at noon today. The accident almost caused severe injury to the viaduct, the overturned tender being thrown towards one of the big truss piers and almost striking it.

The engine crew on the limited was under the charge of Engineer C. Davis, and the yard engine was manned by Engineer P. J. Roe and Fireman E. F. Footy.

Washington, Dec. 26.—Further than a message from American Consul Padlock at Tabriz, stating the entire American colony there was assembled on Christmas day and that every one was well, the state department has heard nothing from Persia.

Officials attribute the lack of reports from Teheran to the fact that the legation there has assumed that this government is being kept informed by the press dispatches.

RUSSIAN TROOPS
IN OPEN MUTINY

London, Dec. 26.—A news agency dispatch from St. Petersburg reports that a mutiny has broken out at the naval ordnance yard. Measures for quelling the disorder have been taken by the authorities and several mutineers have been wounded by the troops sent to repress the insubordination.

FIVE HUNDRED ARE
KILLED BY RUSSIANS

London, Dec. 26.—The proclamation of martial law at Teheran, following the dismissal of W. Morgan Shuster by the Persian cabinet, and the fragmentary reports received up to a bloody massacre by Russian soldiers at Reht, are causing serious apprehension. Little additional information regarding the reported massacre has been received.

The main trouble occurred last Sunday when the killed at Reht are said to have numbered 500, including some women and children. Direct dispatches from Teheran make no reference to these casualties, and a report from the Russian consul at that point states that order is now restored, although he is preparing for further outbreaks.

The strategic point of Tabriz, 250 miles to the northwest of Teheran, is another center of constant collision between the Russian and Persian elements. One dispatch says the Russian artillery swept the streets, while another, through Russian sources, says a condition of anarchy exists, even the banks being without adequate guards.

MORE RUSSIAN TROOPS
MOVE TO TABRIZ

Jaffa, Persia, Dec. 26.—Another large force of Russian troops of all arms left their encampment today in the vicinity of Ispahan for Tabriz. The reinforcements consisted of three additional regiments of rifles, three squadrons of cosacks and two mountain batteries, all at war strength.

SHERWOOD PENSION WILL BE ENORMOUS

President Taft Declines to Say

(By Evening Herald A. P. Leased Wire)
Washington, Dec. 26.—Secretary of the Interior Fisher informed President Taft today that final adoption of the Sherwood dollar a day pension as it passed the house, would increase the government's annual pension expenditures at least \$75,000,000. Pension Commissioner Davenport will send a detailed report to congress.

Mr. Taft was refrained from stating definitely that he would veto the Sherwood bill if it came to him but close friends believe that that he would.

JAPANESE SURVEYING THE RUSSIAN FRONTIER

(By Evening Herald A. P. Leased Wire)
Mukden, Manchuria, Dec. 26.—It is reported here that Japan has carried out a complete survey of the Russian frontier since last June. Russian officials are, in consequence, insisting that the amur and Trans-Baikal provinces should in future be closed to Japanese officials.

A Japanese official was recently admonished and expelled.

Rome, Dec. 26.—An exchange of communications between the Italian foreign office and the chancellors of other European powers is proceeding with greatest activity. The subject of the communications is the war in Tripoli, but the question of the renewal of the triple alliance between Germany, Austria-Hungary and Italy, also is being discussed.

Efforts are being made both by the government in Constantinople and the Italian foreign office to find a possible basis for the conclusion of peace between the two countries.

The negotiations regarding the triple alliance, it is conceivable might even result in the withdrawal of Italy from the alliance and the consequent strengthening of the triple entente between Great Britain, France and Russia.

The Italian ambassador in Berlin is now in Rome where he is giving a verbal report to the foreign minister, the Marquis di San Giuliano, as to the attitude of Germany.

CHINESE REBELS PRESENT UNITED DEMAND FOR A REPUBLIC

Since They Have Failed to
Hear Anything From Pre-
mier, They Are Already

(By Evening Herald A. P. Leased Wire)
Shanghai, Dec. 26.—As no reply has yet been received by Tang Shao Yi to his dispatch to Premier Yuan Shi Kai, pointing out that the acceptance of the idea of a republic is the only means of securing peace, the revolutionaries are demanding vigorously the immediate election of a president of the republic and asking that the government shall be proceeded with without any further notice being taken of Peking.

The conference held yesterday between Dr. Sun Yat Sen, the proposed president, and Wu Ting Fang, the chief of the revolutionary delegates at the peace conference, resulted in a complete agreement between the two leaders and the revolutionaries are now showing a more united front than ever. Nanking is regarded as a suitable place for the capital of the new republic.

Premier Yuan Shi Kai's decision to submit the proposal for the meeting of a special national assembly to decide on the future form of government in China to the consideration of the Manchus on becoming known here caused satisfaction. According to the revolutionary leaders now in Shanghai, Premier Yuan Shi Kai's consent is tantamount to the admission he himself favors a republic.

It is understood that Tang Shao Yi, who is representing Premier Yuan Shi Kai here, had already informed the revolutionary leaders at the peace conference that Yuan Shi Kai personally was in favor of a republic.

Tang Shao Yi admits that Yuan Shi Kai is in full agreement with the revolutionary plan and is only seeking to secure assurances regarding the future treatment of the imperial clan and the Manchus people and also to avoid an outbreak in Peking when the final announcement is made.

When Tang Shao Yi had fully realized the true situation in the south he telegraphed to Premier Yuan Shi Kai, stating that an edict should be issued leaving the decision as to the form of government to the people of China through a national convention.

The leaders of both parties here say the convention will be purely formal. There can in their opinion be no question regarding the result of such a convention, which they assert can be called together within thirty days.

The present situation, it is said by revolutionary leaders was fully anticipated. Every detail of the plans is already complete for the organization of a provisional government and the establishment of a stable government.

(By Evening Herald A. P. Leased Wire)
Chicago, Dec. 26.—Jack Johnson today was positive in asserting that he would not fight Flynn for less than a \$25,000 purse.

"I am willing to meet Flynn anywhere in the world," he said, "but the purse must be \$25,000. The O'Rourke offer is for ten rounds and that looks pretty good, to say nothing of the Australian proposition."

MANAGER CURLEY PUTS UP THE COIN

Salt Lake City, Dec. 26.—Jack Curley, manager of Jim Flynn, the Pueblo heavyweight, announced today that he would guarantee Jack Johnson \$20,000 for his share of the purse, win, lose or draw, for a finish battle with Flynn for the heavyweight championship of the world. Curley declared that he would select Nevada as the battleground, as he insisted that the fight be to a finish and he did not think it could be staged elsewhere. Local sporting men closely in touch with the situation in Nevada declared that the proposal to stage another championship battle in Reno would bring out the inhabitants of that town with riot guns.

Curley expects to leave for Chicago to confer with Johnson after the Flynn-Capone bout scheduled here for tomorrow night.

(By Evening Herald A. P. Leased Wire)
Glasgow, Dec. 26.—The British steamer Guillemot from London for Genoa foundered in the Bay of Biscay on December 21. The captain and fifteen of the crew were lost. Seven survivors were picked up by the British steamer Lincoln and landed here today. Immediately after rescuing survivors the Lincoln sighted a Spanish steamer whose name she could not discover in darkness. Before the Lincoln was able to proceed to her assistance the Spanish vessel foundered with all hands.

The Guillemot belonged to the General Steam Navigation company of London. She was a vessel registering 1,154 tons net and was built at Camphilltown in 1899.
